Dr. Edson Charged Politics.

When M'ss McNally was nominated Miss Birmingham, who stood fourth in the rating of the applicants, withdrew her application. The belief persisted that political pressure was being put on Miss McNally to get her to withdraw in favor of Miss Birmingham. Authority for that statement is Dr. Andrew W. Edson, who retired as an associate superintendent on February I. He was in charge of speech improvement work and Miss McNally's superior.

Mr. Stern reported on the nomination of Miss McNally's superior.

Mr. Stern reported on the homination of Miss McNally at the meeting of the Board of Education last Wednesday. He intimated in a speech before the board that she had taught pupils who did not properly belong in the speech improvement classes. He also mentioned \$200 in a vague way, without directly charging Miss McNally with receiving it for doing outside work. He also said something about her "not being a proper person."
